* Divisions do not advance to Tour Championship.

The figures above will give you a range of yardage to expect in each division. When setting the yardages for each event, the Tournament Directors look at the hole-by-hole yardages to develop the total yardage. That could involve a mix of scorecard tees being used for events. The Kentucky PGA Junior Tour reserves the right to change yardages based on weather and course conditions. When possible, tees and adjusted tees will be listed on each event information page. For JGS ranked events, 18-hole Divisions may play the same tees with all players qualifying for ranking.
